

ArtEZ Institute of the Arts

ArtEZ Scholarships

ArtEZ annually provides a limited number of scholarships for new students from countries other than those of the European Economic Area.

Level of study	Bachelor, Master
Fields of study	Fine Art Media & Graphic Design Fashion & Product Design Music Dance Theatre Architecture Education in Art
Scholarship amount	€ 5,340
Eligibility criteria	A student may apply for a scholarship if he or she not only has a rare or exceptional artistic talent but also depends on the subsidy so as to be able to study at ArtEZ. For instance, at the Faculty of Music, this may denote a student who plays an uncommon instrument. Similarly, the deficit of male dancers can result in men on the dance courses being given precedence when applying. In the case of the Master's programmes, an extensive theoretical knowledge may constitute an additional criterion for the scholarship's allocation.
