University of Maastricht

Top 3% study for 'free'

Maastricht University (UM) wants to encourage talent. Attracting, cherishing and stimulating talented students is one of the main aims of the 2007/10 Strategic Programme. For this purpose, we give the top 3% of students the opportunity to study at UM 'free of charge'.

Level of study	Bachelor, Master
Fields of study	All
Scholarship amount	The scholarship can be awarded in the following forms: refund of the tuition fee, applied to the following academic year for last-year Bachelor students the scholarship is applied toward the 1st year of a Master's programme for last-year Master students the refund is received in the form of award All students are eligible to compete for the scholarship every year. In this way, a student managing to stay in the top 3% can finish the entire studies without having to pay tuition. Other expenses and living costs are not covered.
Selection criteria	The top 3% of students from each year of study are determined at the end of the academic year on the basis of study results, other competencies and experiences are not considered The best students are selected per faculty, Bachelor and Master students selected separately The selected students must continue their studies during the following academic year Additional selection criteria may apply depending on the faculty
