

Delft University of Technology

Royal Dutch/Shell Centenary Scholarships

TU Delft with support from The Shell Centenary Scholarship Fund (TSCSF), offers scholarships to postgraduate students from developing countries. The programme is a collaborative effort between Shell and the technological universities of Delft and Twente, each of which also contributes to the funding.

Level of study	Master
Fields of study	Applied Sciences & Technology Mathematics & Computing Engineering
Scholarship coverage	Full-cost scholarship including tuition fees, international travel, living allowances and health insurance.
Number of scholarships	For the academic year 2009-2010 a total of 6 scholarships will be available.
Duration of scholarship	The duration of the Master programme with a maximum of two years.
Eligibility criteria	Candidates for these scholarships should normally be: aged 35 or under. intending to study a subject that will be of significant value in aiding the sustainable development of their home country. of such outstanding academic ability as to be able easily to obtain a place on the MSc programme of their choice. fluent in spoken and written English neither a current nor former employee of the Royal Dutch/Shell Group of companies. intending to return and take up permanent residence in their home country/country of residence after completion of the MSc programme accepted by one of the MSc programmes at TU Delft Students who already started their studies at TU Delft are not eligible.
Deadline for application	1 January, 2009 is the application deadline at TUDelft for students wishing to apply for this scholarship and thus in need of an early notification on admission
Application procedure	If the MSc programme selection committee wishes to nominate a student they will inform the International Office of TU Delft accordingly. If a nominee meets the scholarship requirements the International Office will send to the nominee the scholarship application form by email, during the third week of February, 2009. The nominees must fill in the application form and return it by email to the International Office before March 1, 2009. After a positive assessment, the nominees will be invited for an interview with the local Shell Operating Unit. The International Office will inform the nominees about the outcome of their scholarship application by the end of June 2009.
